The Citizens' Oversight Committee is pleased to forward its third annual report on the ten million dollar, 2008 Albany Community Pool Improvement Bond Measure, which covers the 2009-10 fiscal year. The principal duties of the Committee are to ensure that Bond proceeds are expended for the purposes described in the Bond ballot language, report the program's progress to the public and provide a compliance statement.

During the year ending June 30, 2010, the Committee held regular quarterly meetings on August 20, 2009; October 15, 2009; January 21, 2010 and April 22, 2010. At each of these meetings, the Committee reviewed the design, scope, budget and schedule for the project and also received updates from the Pool Committee and the Pool Sustainability Committee. A quarterly review of expenditures was conducted by a Bond Oversight Committee member who reviewed selected expenditures for compliance for the terms of Measure E and Proposition 39; there were no discrepancies noted.

The first phase of the project commenced in June, 2009 with the demolition of the old-pool facility. The sale of the Bonds was timed to take advantage of a more stable market rate. The sale of the Bonds occurred in July, 2009. Design services, site costs, and demolition costs prior to the sale of the Bonds were advanced from other district funds. Upon the sale of the Bonds, those costs were transferred to the Measure E Bond Fund and are subject to this Committee's oversight.

The Committee relied on the annual audit of Bond expenditures performed by Wilson Hadley King & Co., LLP. The audit disclosed no instances of non-compliance with the terms of Proposition 39 or the terms of the Albany Community Pool Improvement Bond Measure, as approved by district voters.

The Committee is pleased to report, to the best of its knowledge, that the Albany Unified School District is in compliance with the terms described in Article XIIIA, Section 1(b)(3) of the California State Constitution.

Respectfully submitted on the behalf of the entire Committee,

Greg Lunkes Chair ALBANY UNIFIED SCHOOL DISTRICT

Albany Unified School District District Measure E Bond Building Fund

Albany Unified School District includes approximately 1.8 square miles in the northern part of Alameda County and provides educational (K-12) services to the residents of the City of Albany. The district operates three elementary schools, one middle school, one comprehensive high school and one alternative high school. The estimated population of the district is 16,460.

On February 5, 2008 the voters of Alameda County passed ballot Measure E, authorizing the issuance and sale of \$10,000,000 of general obligation bonds. The sale of the general obligation bonds (Series A) closed in August 2009, for a principal amount of \$10,000,000. The funds were deposited into the Alameda County Treasury. All warrants are preaudited and processed by the Alameda County Office of Education. All Measure E building funds are accounted for in Fund 21 of the District's general ledger.

Measure E was a Proposition 39 bond. The passage of Proposition 39 in November 2000 amended the California Constitution to include accountability measures. Specifically, the District must conduct an annual independent performance audit to ensure that funds have been expended only on the specific projects listed [Article XIIIA §1 (b) (3) (C)] as well as an annual, independent financial audit of the proceeds from the sale of the bonds until all of the proceeds have been expended for facilities projects [Article XIIIA §1 (b) (3) (D)].

Upon passage of Proposition 39, an accompanying piece of legislation, AB 1908, was also enacted, which amended the Education Code to establish additional procedures which must be followed if a district seeks approval of a bond measure pursuant to the 55% majority authorized in Proposition 39 including information, composition, and purpose of the Citizens' Bond Oversight Committee, and authorization for injunctive relief against the improper expenditure of bond revenues.

The Citizens' Bond Oversight Committee was comprised of the following members as of June 30, 2010:

Greg Lunkes Chair Anni Tilt Co-Chair David Clahan Member Chris Donahue Member Member Robert Jacobs Member Jesse Nawy Member Alan Riffer Member Peggy Thomsen

INDEPENDENT AUDITOR'S REPORT

The Governing Board and the Citizens' Bond Oversight Committee Albany Unified School District Albany, California

We have audited the accompanying Balance Sheet, Statement of Revenues, Expenditures and Changes in Fund Balances and Statement of Revenues and Changes in Fund Balances-Budget and Actual for the Measure E Bond Building Fund (Bond Fund) of the Albany Unified School District (District) as of and for the year ended June 30, 2010. These statements are the responsibility of the District's management. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described in Note A, the Bond Fund financial statements present only the bond funds referred to in the second paragraph and are not intended to present the financial position and results of operations of the District in conformity with generally accepted accounting principles in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position and results of operations and changes in fund balances for the Bond Fund of the District as of June 30, 2010, in conformity with accounting standards generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated October 19, 2010 on our consideration of the District's internal control over Bond Fund financial reporting and our tests of its compliance with certain provisions of laws, regulations and contracts governing the bond funds. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report on considering the results of our audit.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Albany Unified School District (District) provides educational services to the residents of the City of Albany in the northern part of Alameda County. The District currently operates three elementary schools, one middle school, one comprehensive high school and one alternative high school.

The accompanying financial statements present the financial position and results of activities for the District Measure E Bond Building Fund (Bond Fund). Escrow funds, debt service funds, cost of issuance and bonded debt are accounted for at the County level and are not presented in the accompanying financial statements.

Accounting Policies

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board and Audits of State and Local Governmental Units issued by the American Institute of Certified Public Accountants. The budgetary and financial accounts of the District have been recorded and maintained in accordance with the California School Accounting Manual published by the California Department of Education for use by K-12 school districts.

Fund Structure

The Statement of Revenues, Expenditures, and Changes in Fund Balances is a statement of financial activities of the Bond Fund related to the current reporting period. Expenditures of the fund frequently include amounts for supplies, buildings, equipment, transfers to other funds, etc. consequently, these statements do not purport to present the result of operations or the net income or loss for the period as would a statement of income for a profit-type organization.

Basis of Accounting

The Bond Fund of the District is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, which is to say, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or serviced or services rendered).

Budget

The Governing Board adopts an operating budget no later than July 1 in accordance with state law. This budget is revised by the Governing Board during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash in County Treasury

In accordance with Education Code Section 41001, the District maintains its cash in the Alameda County Treasury. The County pools these funds with those of other districts in the County and invests the cash. Interest earned is deposited quarterly into participating funds.

Cash in the County treasury is recorded at cost, which approximates fair value, in accordance with the requirements of GASB statement No. 31.

Capital Assets and Long-Term Debt

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the Bond Fund are determined by its measurement focus. The Bond Fund is accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The reported fund balances is considered a measure of "available spendable resources". Thus, the capital assets and long-term liabilities associated with the Bond Fund are accounted for in the basic financial statements of the Albany Unified School District.

Reservations of Fund Balances

Portions of fund balances have been reserved for specific purposes. Reservations were created to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated for a specific purpose or (2) identify the portion of the fund balance that have been appropriated for contractual commitments.

B. CASH AND INVESTMENTS

Cash in County Treasury

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the Alameda County Treasury as part of the common investment pool.

C. ANALYSIS OF SPECIFIC DEPOSIT AND INVESTMENT RISKS

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The county is restricted by Government Code Section 53635 pursuant to section 53601 to invest only in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The ratings of individual securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, the District was not exposed to credit risk.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollaterized, collaterized with securities held by the pledging financial institution, or collaterized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty's trust department or agent but not in the District's name.

At year end, the District was not exposed to custodial credit risk.

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the District was not exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the District was not exposed to interest rate risk.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

C. ANALYSIS OF SPECIFIC DEPOSIT AND INVESTMENT RISKS (continued)

Investment Accounting Policy

The District is required by GASB Statement No. 31 to disclose its policy for determining which investments, if any, are reported at amortized cost. The District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

The District's investments in external investment pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

D. BONDED DEBT OF THE DISTRICT

The District received authorization at an election held on February 5, 2008, by more than fifty-five percent of the votes cast by eligible voters within the District, to issue general obligation bonds in the amount of \$10,000,000 under Proposition 39. These bonds are issued in multiple series as general obligations of the District. The following information is provided for purposes of additional analysis only.

In July 2009, Series 2008A general obligation bonds in the amount of \$10,000,000 were sold at a premium. Proceeds from the sale of the bonds may only be used for construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of such facilities; or for the acquisition or lease of real property for school facilities. In addition, proceeds may only be used for the projects listed in the Measure, which include the construction of a new swimming pool for student, adult school, athletic competition and Albany community use; locker rooms and related facilities; and additional high school classrooms. Proceeds may not be used for any other purpose, such as teacher and administrator salaries nor operating expenses.

SUPPLEMENTAL INFORMATION

REPORT ON INTERAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON THE AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Governing Board and The Citizens' Bond Oversight Committee Albany Unified School District Albany, California

We have audited the financial statements as of and for the year ended June 30, 2010 for the Measure E Bond Building Fund (The "Bond Fund") and have issued our report thereon dated October 19, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Albany Unified School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Albany Unified School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Albany Unified School District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we considered to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Albany Unified School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

P94

This report is intended solely for the information and use of management, others within the organization, the Board of Trustees, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON PERFORMANCE

The Governing Board and The Citizens' Bond Oversight Committee Albany Unified School District Albany, California

We have audited the financial statements of the Measure E Bond Building Fund (Bond Fund) of the Albany Unified School District (District) as of and for the year ended June 30, 2010 and have issued our report thereon dated October 19, 2010. Our audit was made in accordance with auditing standards generally accepted in the United States of America and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In connection with our audit, we also performed an audit for compliance as required in the performance requirements for the Proposition 39/Measure E General Obligation Bond for the fiscal year ended June 30, 2010. The objective of the examination of compliance applicable to the District is to determine with reasonable assurance that:

- 1. The proceeds of the sale of the Measure E Bonds were only used for the purposes set forth in the ballot measure and not for any other purpose, including teacher and administrator salaries and other District operating expenses.
- 2. The Governing Board of the District, in establishing the approved projects set forth in the ballot measure, evaluated the safety, class size reduction, and information technology needs of the District.

Our audit of compliance made for the purposes set forth in the preceding paragraph of this report above would not necessarily disclose all instances of noncompliance.

In our opinion, the District complied with the compliance requirements for the Measure E Bond proceeds listed and tested above.

This report is intended for the information of the Governing Board, management and the Citizens' Bond Oversight Committee; however, this report is a matter of public record.

RESOLUTION NO. 2010-11-17

BOARD OF EDUCATION OF THE ALBANY UNIFIED SCHOOL DISTRICT RESOLUTION TO SUPPORT A REVENUE EXTENSION MEASURE ON THE BALLOT

WHEREAS, Governor Brown's 2011-12 budget proposal is a balanced approach between revenues and new cuts to solving the deficit and provides for an extension of temporary revenues to support programs our students need and deserve; and

WHEREAS, over the last several years, K-12 education funding has taken a disproportionate amount of budget cuts; and

WHEREAS, state and local funding for schools has been cut by more than \$18 billion, or about \$1,900 per student in the last three years; and

WHEREAS, Albany Unified School District has cut thirty percent of its budget over the past three years as a result of ongoing statewide cuts to education funding; and

WHEREAS, the loss of \$7 billion in one-time federal funding further reduces school budgets; and

WHEREAS, to begin to reverse this downward spiral, Californians must retain the revenues that enable us to invest in our schools and students; and

WHEREAS, the governor's budget proposal to limit further cuts to schools in 2011-12 is dependent on voter approval of an extension of existing temporary tax increases; and

WHEREAS, a ballot measure to extend temporary revenues will help prevent further cuts to schools, and without this extension the LAO reports that funding for schools would fall by at least \$2 billion, or more than \$335 per student; and

WHEREAS, Albany Unified School District expects our local legislators to work with the governor to protect schools from further cuts and to ensure the continued investment our students deserve; and

WHEREAS, Albany Unified School District opposes a cuts-only budget and supports a budget that is balanced with a combination of cuts and revenue extensions;

NOW, THEREFORE, BE IT RESOLVED that the Albany Unified School District supports placing a measure on the June 2011 ballot calling for a five-year revenue extension to protect our schools and students by making education a priority in our state.

INTERDISTRICT ATTENDANCE

Interdistrict Attendance Permits

General Information

Requests for interdistrict attendance permits, both incoming and outgoing, shall be submitted to the employee in charge of interdistrict requests and reviewed annually by the Superintendent or designee. All requests, whether into or out of the district, are for one school year only and must be renewed annually. For transfers into the district, the student and parent/guardian must sign an Interdistrict Transfer Student Contract annually.

Each transfer request will be judged on its individual merits. All factual information and supporting documentation submitted with the transfer request will be subject to verification. Any transfer request containing or based upon false information will be denied or revoked, and the parent or guardian responsible will be referred to the appropriate legal authorities. Transfer applications shall be submitted during the AUSD designated registration period (January 1 through February 1) for the preceding school year for which the transfer is requested.

Requests for Interdistrict Attendance Permits Into the District

- 1. The parent/guardian must first obtain approval for the student's transfer from the student's current district of residence on the appropriate form.
- 2. Within 60 days of receiving the application, the Superintendent or designee shall provide written notification to the parent/guardian and the student's district of residence as to whether the application ahs been accepted or rejected. If the application has been rejected, the notice shall state the reasons for the rejection. If the application has been approved, the notification shall specify the particular school site and the school's address to which the student has been admitted. (Education Code 48357; 5 CCR 4702)
- 3. 2. The Superintendent or designee may approve, deny or place on the waiting list requests for new interdistrict attendance permits that are approved by the district of residence and submitted to the Albany Unified School District by June 1 for the following school year. Applicants will be advised by the first week of the school year as to whether their applications have been approved, denied or wait-listed.
- 4. 3. The Superintendent or designee may deny requests for interdistrict attendance permits if the district's facilities are overcrowded at the relevant grade level and based on other nonarbitrary considerations.
- 5. 4. If the request for transfer is approved, the district retains the right to determine the specific school to which the student will be assigned. However, the district will

attempt to accommodate a parent/guardian's request for placement in a specific school site, subject to the priorities and policies established in the district's residency regulations.

6. 5. If the request for transfer is denied, the parent/guardian will be notified in writing of the right to appeal to the district Board of Education. If the appeal is denied by the Board of Education, the parent/guardian will be notified in writing regarding the process for appeal to the County Board of Education. An appeal to the County Board of Education must be made within thirty days of the district Board's denial. A student whose request for transfer is based on his/her parent's employment within the district's boundaries, including employment by the district, shall not have the right to appeal a denial to the County Board.

The Board requires that all requests for interdistrict attendance and the required supporting documentation be certified by the parent, guardian, childcare provider or caregiver under penalty of perjury. The Superintendent or designee is responsible for confirming the accuracy of information contained in such requests and documentation; investigating any suspicion that information has been falsified; reporting such violations to the appropriate law enforcement agencies; and reporting such activities to the Board.

Requests for Renewal of Interdistrict Attendance Permits Into the District

Requests for renewal of interdistrict attendance permits into the district will be reviewed according to the process for new interdistrict attendance permits, with the following exceptions:

- 1. A request for renewal of an interdistrict attendance permit must be submitted by April 1st. Applicants will be advised by June 1 whether the application is approved or denied.
- 2. A request for renewal of an interdistrict attendance permit submitted after April 1 will be processed as a new request.
- 3. If admission to the district was approved based on the the student's parent's employment, the student shall be allowed to attend school in the district through the 12th grade, if the parent/guardian so chooses, subject to (1) annual completion of the interdistrict application by the April 1st deadline to verify continued employment within the district according to proof acceptable to the district, consistent with the district's Residency Policy and Regulations; and (2) any other limitation as allowed by law, including violations of the Interdistrict Transfer Student Contract.

Grounds for Approval

The Superintendent or designee may approve interdistrict attendance permits when capacity within the district exists. Students whose requests are denied solely because of lack of capacity within the district will be placed on a waiting list, and their applications will be considered if space becomes available.

Applications may be approved based on the following priorities:

1st Priority: Students whose parents/guardians are employees of the Albany Unified School District (must work .40 FTE or more).

2nd Priority: Students whose parents/guardians are employed by the City of Albany, (employed at least 20 hours per week).

3rd Priority: Students whose siblings are ongoing interdistrict transfer students; and to ensure educational continuity of students.

4th Priority: Students whose parents have been business owners/operators within the City of Albany for a period of at least 12 months prior to their application.

5th Priority: All other applicants.

Regarding priority 4, above, "educational continuity" includes such considerations as the desire to complete the highest grade at a site or continuing education in the district after a number of years as a district student. Transfer requests also may be approved to allow a student to complete a school year when the parent or guardian has moved out of the district during the year, or to continue attendance if the student will be living out of the district for less than one school year. Students who have moved out of the district and wish to remain in the district for the remainder of the year may stay pending approval by the new district of residence or an appeal of that district's decision to the Alameda County Office of Education, and a positive recommendation by the school principal.

Notwithstanding these priorities, the Superintendent/designee may grant a transfer if, in the judgment of the Superintendent/designee, the parents/guardians provide evidence of extraordinary circumstances (such as a threat of physical harm to a student) warranting a transfer.

Revocation of Interdistrict Attendance Permits

Grounds for Revocation

Pursuant to Education Code section 46600, the following are the terms and conditions under which an interdistrict attendance permit may be revoked:

- 1. Determination by the district that the transfer request or supporting documentation was based upon false or fraudulent information.
- 2. Failure to comply with the requirements of the Interdistrict Transfer Student Contract, which include demonstrating acceptable academic performance, attendance, and behavior. The Contract must be signed by both the student and the parent/guardian.
- 3. Determination by the district that the conditions on which the interdistrict attendance permit approval was based are no longer met. It is the responsibility of the parent/guardian to notify the district within thirty (30) days if any of the conditions justifying the transfer approval change. The student may be permitted, within the discretion of the Superintendent or designee, to complete the school year in the district with the approval of the district of residence.
- 4. Determination by the district that the continuing presence of the student is not in the student's best educational interest, or will interfere with the needs of other students, or both.

The district will give ten days' notice to a parent or guardian prior to the revocation of an interdistrict attendance permit.

Requests for Interdistrict Attendance Agreements Out of the District

Parents/guardians of students wishing to transfer out of the district shall complete an application for transfer. It is required that the parent/guardian of the applicant meet with the student's current school principal to discuss the reason for the transfer request and obtain his/her signature on the application.

Applications will be approved or denied by the Superintendent or designee. Applicants will be notified in writing if the request is denied, and will be given the reason for the denial. Denials by the district may be appealed to the district Board of Education. If the appeal is denied, the request may be appealed to the Alameda County Office of Education within thirty days of the district's final decision. Reasons for denial may include loss of district revenue due to the outgoing transfer of a student.

AR 5117(e)

INTERDISTRICT ATTENDANCE (continued)

Applications that are approved by the district must also be approved by the receiving district. Parents should advise the Albany Unified School District of the final disposition of their request within five days of notification by the receiving district or the Alameda County Office of Education, in the case of an appeal.

ALBANY UNIFIED SCHOOL DISTRICT

Regulation approved: December 2, 2008

Albany, California

Students BP 5117(a)

INTERDISTRICT ATTENDANCE

Interdistrict Attendance Permits

California state law and the rules and regulations of the State Board of Education state a preference that students attend schools in their districts of residency. The district Board of Education believes that children should attend schools where they live. The Board shall consider requests for interdistrict attendance agreements in accordance with this general principle.

The Board of Education recognizes that students who reside in one school district may wish to attend school in another school district and that such choices are made for a variety of reasons. Because of capacity issues within the district and due to limited resources, the Board will consider approving such transfers on a case-by-case basis through an interdistrict transfer agreement with another school district. In the case of a student wishing to transfer into the district, the request will be considered when class enrollment or program availability will permit the attendance of an out-of-district student.

(cf. 5116.1 - Intradistrict Open Enrollment)

The Superintendent or designee of the district shall review all requests for interdistrict attendance agreements. The Superintendent is authorized to grant or deny interdistrict attendance requests.

The decision to admit out-of-district students is discretionary. When capacity exists, applications may be approved based on the following priorities:

1st Priority: Students whose parents/guardians are employees of the Albany Unified School District (must work .40 FTE or more).

2nd Priority: Students whose parents/guardians are employed by the City of Albany, (employed at least 20 hours per week).

3rd Priority: Students whose siblings are ongoing interdistrict transfer students; and to ensure educational continuity of students.

4th Priority: Students whose parents have been business owners/operators within the City of Albany for a period of at least 12 months prior to their application.

5th Priority: All other applicants.

Notwithstanding these priorities, the Superintendent/designee may grant a transfer if, in the judgement of the Superintendent/designee, the parents/guardians provide evidence of extraordinary circumstances warranting a transfer.

The Board of Education believes in educational continuity and feels that an interdistrict transfer student, once admitted, should not be exited except for violation of their contract or under extraordinary circumstances.

The Superintendent or designee may deny applications for interdistrict transfers due to space limitations or other non-discriminatory reasons. The Superintendent or designee may also revoke an interdistrict transfer permit for non-discriminatory reasons.

The parent/guardian of a student who is denied a transfer request pursuant to Education Code sections 46600-46611 shall receive timely notice, in accordance with law, regarding the process for appeal to the Albany Unified School District Board of Education, and to the County Board of Education. A student whose request for transfer is based on his/her parent's employment within the district's boundaries, including employment by the district, shall not have the right to appeal a denial to the County Board.

Students who have been expelled from other school districts may not be admitted to the district on interdistrict attendance agreements during the period of their expulsions. Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials while expulsion proceedings are pending, or during the term of the expulsion.

Transportation will not be provided for students attending the district on interdistrict transfer agreements.
