Subject: temp teacher charts

Hi,

Here are the lists of temp teachers and leaves. It look like there are ten openings compared to five previously. Do you think this model of funding is sustainable? If not, we might want to go with the original numbers. I'm sure Laurie would have some insight.

Also, we might want to think about how to distribute the FTE. This may be an opportunity to even out leaves/classroom temps at the elementary.

Thanks,

Cynthia

\*Activities that are not being continued from the year before.

\*\*It should be noted that Marin Elementary PTA has a script funded savings account that dates prior to 2006. It is currently valued at \$39K. This savings account and the carryover into 2011-12 are not included in the currently approved budget. However, there is a survey out to the Marin community to develop a plan for this money. It may be decided to add it to the budget as a one time event, continue it as savings, or a combination of the two.
